## Membership management

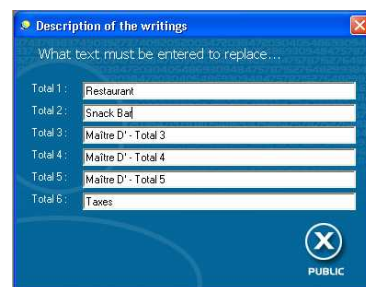

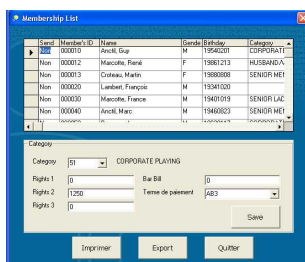

Here's a powerful membership management tool. An essential link between Maitre'D and your Accpac Accounting Software. Membership Companion allows you to compare and analyze all "on account" transactions done for each member during the season. Rely on Membership Companion for your annual billing, minimum Bar bill tracking, tips calculation, mass mailing and more !

Retrieve all Maitre'D "on account" transactions through Membership Companion and create an invoice batch in Accpac in two easy steps.

You will appreciate Membership Companion flexibility. Add, modify, member categories to harmonize with your specific needs. Comprehensible and easy to use screens. Unlimited categories.

Transactions are organized according to the 5 possible menu levels in Maitre'D. And Annual Minimums can be tracked at the menu level !

Membership Companion will simplify your annual dues billing. Generate all invoices in one easy step. Annual dues can be determined at category or member level.

MS-Word compatibility will allow you to generate mass mailing; renewal letter etc.

Reduce your credit line monthly charges with the EFT functionality « Electronic Fund Transfer ». Send all your receivables directly to the credit card company with Membership Companion.
